THE TRUTH MOST PEOPLE MISS

Self-Reliance First

We help families become self-reliant, but the system that makes that possible must continue to run every year.

Hospitals don't "graduate" from funding.
Schools don't "complete" their mission.

Our programs require ongoing support.

THE OPPORTUNITY

A Small Circle of Guardians

The Narú Circle is a small group of individuals, including families and organizations, who ensure this work continues year after year.

This is not JUST a donation.

This is a partnership.

Other Ways to Give

Beyond a check or wire, your assets can do more than you might expect.

Donate Appreciated Stock

Donating appreciated securities — stocks, bonds, or mutual funds — lets you avoid capital gains tax entirely while receiving a charitable deduction for the full fair market value.

You give more than you could with cash. The families receive more. Your advisor can facilitate the transfer directly.

Give From Your IRA

If you are age 70½ or older, a Qualified Charitable Distribution (QCD) allows you to transfer funds directly from your IRA to The Humble Village.

It satisfies your Required Minimum Distribution and may reduce your taxable income — even if you don't itemize.

Leave a Legacy

A bequest through your will or living trust ensures that future generations of families have the opportunity to thrive.

Designate a specific amount, a percentage, or an asset. Your plans remain flexible — and your legacy does not.

We would be honored to work with you and your advisors to find the giving option that aligns with your goals.
